Acting (taught by Dr. Lauren Love).....SPSCC 2023
Acting Workshop(film acting).....UW 2004
Independent Film Study..... Various 1990-Current

I am in pursuit of an acting career. I have watched many films and devoted the majority of my time to cinema. I recently took on theatre acting to learn about acting at its core essence. I have since fallen in love with the craft and would like to perform on stage for a large audience. I love the art of storytelling and how it can bring people together. I want to be the instrument that helps tell the story the writer wants to share.
